Special Promotion ISO '14 for New Members

Not a member yet? Don't miss this great opportunity!

The EiiF exhibits for the first time at ISO '14:

**9th International Trade Fair for Industrial
Insulation Materials and Technology**
8 – 9 Mai 2014 Exhibition Center Cologne

And we are happy to celebrate this with a special promotion for NEW MEMBERS:

Companies who sign the application on **7, 8 & 9 May 2014** will be offered to join the EiiF Membership with **NO** initial inscription fee:

	EiiF Promotion ISO '14		
	Annual Fee	Initial Inscription	Free TIPCHECK trainings included
Members			
SME (<150 employees)	2'000 EUR/a	5'000 EUR	1 (value 2'000 EUR)
(150 and more employees)	5'000 EUR/a	10'000 EUR	1 (value 2'000 EUR)
Premium Members			
Check here the PREMIUM benefits	7'500 EUR/a	10'000 EUR	2 (value 4'000 EUR)

Not a member yet? – Don't miss this great opportunity!

Come to ISO '14 and visit us at hall 8, booth 10!

It will be our pleasure to welcome you and update you on the EiiF activities and projects.

Latest News

- ***Informal Meeting of EU Energy Ministers***

EiiF invited to the Informal Meeting of EU Energy Ministers

The European Industrial Insulation Foundation (EiiF) is invited to participate in the next **Informal Meeting of the EU Energy Ministers**, which will be held in Athens over a day and a half on the 15 and 16 May 2014.

Key topics regarding energy efficiency, energy security and energy infrastructures will be discussed, such as the crucial link between the Europe 2020 strategy and the industrial competitiveness and climate and energy policies.

- ***Horizon 2020 call***

Increasing energy efficiency in industry through innovation

| **Brussels - 15 April 2014** | The European Industrial Insulation Foundation (EiiF), in close collaboration with Business Solutions Europa (BSE), organized a workshop concerning the Horizon 2020 call "Organizational innovation to increase energy efficiency in industry (EE-16-2014)".

In the workshop, an ambitious proposal to tap the energy and cost-savings potential of technical insulation across Europe and industrial sectors was developed. The workshop was attended by business organization representatives from the energy-intensive industry, amongst other insulation experts.

- ***Sector Forum Energy Management Seminar***

Tools for the implementation of the EED

| **Brussels - 3 April 2014** | The European Industrial Insulation Foundation (EiiF) attended the CEN-CENELEC Sector Forum Energy Management Seminar workshop on tools in support of the implementation of the Energy Efficiency Directive (EED).

Industry, public authorities and other stakeholders discussed on whether existing standards are adequate to support the implementation of the Energy Efficiency Directive and whether there is a need for new tools, standards, platforms of exchange, etc.

EiiF TIPCHECK Programme

TIPCHECK^{eiiF} trainings

Next TIPCHECK course (in English): 23-27 June 2014. [Register NOW!](#)

Within the framework of its [TIPCHECK Programme](#), every year the EiiF organizes several training courses in which participants from different nationalities take part to learn how to perform high quality thermal energy audits.

The course consist of one-week training with both theoretical and practical lessons –including a visit to a research laboratory– followed by a refresher course every three years to keep their knowledge up-to-date with the latest developments in the technology.

Furthermore, this year the EiiF is promoting its TIPCHECK training within the [EU Sustainable Energy Week 23-27 June 2014](#), Europe's biggest event on renewable energy and energy efficiency!

Senior TIPCHECK refresher trainings

At the beginning of this year, the EiiF organized the first TIPCHECK refresher training for TIPCHECK engineers. The EiiF is pleased to announce the first 8 Senior TIPCHECK engineers:

- Andreas Regel (Bilfinger Industrial Services GmbH)
- Günther Kasperek (EiiF)
- Luis López Brunner (Saint-Gobain Isover)
- Michele Mannucci (Termisol Termica Srl)
- Peter Stulen (Hertel Group)
- Stefan Debold (G+H Isolierung GmbH)
- Stephan Reichinger (Rockwool Technical Insulation)
- Thomas Ortlieb (G+H Isolierung GmbH)

For more info on the requirements and upcoming trainings:

An innovative software: the TIPCHECK^{eiiF} calculator

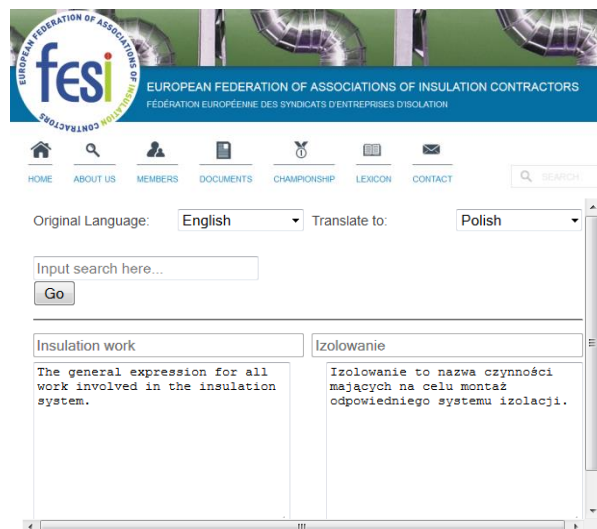

The EiiF will present at ISO '14 (Cologne, Germany) the latest version of the TIPCHECK calculator, a unique software for TIPCHECK engineers to calculate energy and economic savings of sustainable insulation systems. Moreover, it will include very soon a database with all the CE marked materials of the [EiiF member manufacturers!](#)

FESI Online Lexicon

Digital search function for insulation terminology

FESI (the European Federation of Associations of Insulation Contractors) has released its new online Lexicon: a digital dynamic terminology glossary on Industry and Insulation available in 11 different languages: Serbo-Croatian, Dutch, English, French, German, Hungarian, Italian, Lithuanian, Polish, Spanish and Swedish.

Combine the languages of your choice and use the [Lexicon](#) to find the translation you search!

Agenda 2014

Check out our upcoming trainings & events

Date & Location	Event
8-9 May Cologne, Germany	9th International Trade Fair for Industrial Insulation Materials and Technology (ISO '14)
15-16 May Athens, Greece	Informal Meeting of EU Energy Ministers
22-May Brussels, Belgium	High level Stakeholder Meeting on the Energy Efficiency Strategy
23 May Bremen, Germany	Executive Committee Meeting
2-5 June Arnhem, Netherlands	TIPCHECK Programme presentation at the eceee 2014 Industrial Summer Study
23-27 June Munich, Germany	TIPCHECK Training Course (in English)
25-29 August Munich, Germany	TIPCHECK Training Course (in German)
25-26 September	5 th EiiF Anniversary + General Assembly
3-7 November Munich, Germany	TIPCHECK Training Course (in English)
