Communication starts now!

The Insulator is on the move

Hasta-la-vista CO₂!

The Insulator is a man with a mission. His mission is to rid the world of unnecessary heat loss and to reduce CO₂ emissions.

Go online to meet him, and don't forget to tell your friends.

Discover The Insulator:

TIPCHECK Programme up and running

First 12 engineers have been certified

With the successful conclusion of the first TIPCHECK training course, the first 12 TIPCHECK engineers are ready to deliver trustworthy, independent reports on the state of industrial insulation.

Registrations for the second and third course are almost complete. They will be held in November and January. Don't forget to sign up now!

Get in touch with TIPCHECK:

tipcheck@eiif.org

To help spread the word and reach out to clients, EiiF is currently setting up a programme aimed at marketing and sales specialists. If you wish to sign up for one of these TIPCHECK communication courses and become one of the first TIPCHECK ambassadors, don't hesitate to contact the EiiF office.

TIPCHECK

Upon their successful completion of the training course, all TIPCHECK engineers are listed in the EiiF database. The list of certified engineers is available for download on the website.

EiiF Ecofys study gains momentum

Official launch early 2012

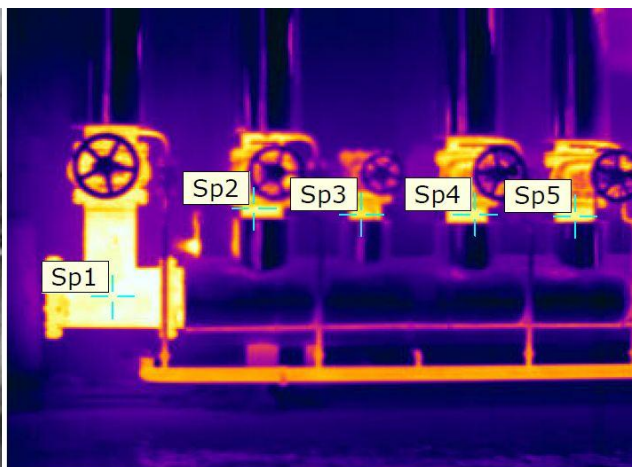

With the tone of the report having been set, EiiF and Ecofys are cooperating to do the final calculation check-ups of the research report on the energy saving potential in industrial Europe. While these final numbers are being crunched, we can already assure a strong report with a powerful key message;

Key message:

"Cut your heat loss in half"
